Re: Application for Permit Unacceptable for Filing (Rule 35 Application Requirements)

Dear Applicants:

Idaho Department of Water Resources (IDWR) received your Application for Permit on August 24, 2020 to divert water from the Pend Oreille River for Irrigation. The Application appears to be applicable to Bonner County parcel RP020010000140A (398 Rockview DR). **The Application is unacceptable for filing because the Application was received with no map that has legal descriptions showing the Point of Diversion (POD) and Place of Use (POU).**

Please be advised that the location of your Point of Diversion (POD) pump appears to lie on property that is owned by Idaho Department of Lands (IDOL). Please contact the Sandpoint IDOL office at (208) 263.0724 regarding an Encroachment Permit number for your pump. Please write in 'IDOL' and the Encroachment Permit Number on Line 11 (a) of your Application.

A tool is available on the Water Rights Forms section of the IDWR internet web site (<https://idwr.idaho.gov/forms/water-rights.html>) that will generate a map for you. You can also use the enclosed map. Please label the map you choose with an 'X' labeled 'Pump' showing the POD and circle and label the area to be irrigated as 'Place Of Use'. Please initial and date the map, and re-sign and date the bottom of Page 2 of your Application before returning it to IDWR at the address shown above.

An Application that is acceptable for filing must be received no later than September 25, 2020. IDWR will take steps to terminate the Application, if no response is received, in accordance with Idaho Code § 42-204.

Respectfully,

Shaun M. Maxey
