Re: Change in Water Right Ownership: 65-23331 (split into 65-23965)

Dear Water Right Holder:

The Department of Water Resources (Western) acknowledges the receipt of correspondence changing ownership of a portion of the above referenced water right to you. The Department has modified its records based on the information received and has enclosed a computer-generated report for you.

Your portion of each water right has a specified point of diversion, nature of use and place of use. If you plan to change the authorized point of diversion, nature of use, or place of use, including adding a new point of diversion, you must file an Application for Transfer of Water Right. If you do not plan to change any elements of your water right, then no further action is required at this time.

The portion of the water right retained by the original right holder retains the original water right number. The Department is sending the original right holder a copy of this letter and a computer-generated report showing the changes to the original water right.

Updating the ownership record for a water right does not reconfirm the validity of the right. When processing a Notice of Change in Water Right Ownership, the Department does not review the history of water use to determine if the right has been forfeited or deliberately abandoned through five years or more of non-use. To read more about water right forfeiture, including how to protect a water right from forfeiture, please see Idaho Code §§ 42-222 and 42-223.

Please note, water right owners are required to report any change of water right ownership and any change of mailing address to the Department within 120 days of the change. Reporting forms are available from any office of the Department, or from the Department's website.

If you have any questions concerning the enclosed information, please contact our office at (208) 334-2190.

Sincerely,

Lynne Evans

Re: Change in Ownership for Water Right No(s): 65-23331, 65-23333

Dear Water Right Holder(s):

The Department of Water Resources (Western) acknowledges the receipt of correspondence changing ownership of the above referenced water rights to you. The Department has modified its records regarding water right no. **65-23333** and has enclosed a computer-generated report for you.

Upon review, the Department found that the submitted deed does not cover the entire place of use (POU) for water right no. **65-23331**. Based on the information provided to the Department, the right may need to be split. If you do own the entirety of the water right, please submit another deed conveying ownership of the land not included in the deed submitted with your Notice. A proof report for the water right and a map are included to illustrate where the portion of the POU lies outside of the property conveyed on your provided deed.

If you do not own the entirety of the water right, an additional fee will be required to process the split change in ownership. The filing fee for a Notice of Change in Water Right Ownership is \$25 per undivided water right or a fee of **\$100 per split water right**. The \$25 fee already submitted for water right no. **65-23331** will be applied towards the balance.

Because the Department cannot process the Notice for water right no. **65-23331** without proper documentation and fees, we will hold any action on your notice pending receipt of the necessary information. If we do not receive the necessary information and/or fee within 30 days we will return your notice and all attachments and your notice will not be processed.

Per your request in a letter the Department received on May 14, 2020, your son Paul L. Leadabrand has been added as a contact and representative in the Department records for water right no. **65-23333**. No additional forms will be necessary at his time, and your letter will be kept on file to support this request.

Updating the ownership record for a water right does not reconfirm the validity of the right. When processing a Notice of Change in Water Right Ownership, the Department does not review the history of water use to determine if the right has been forfeited or deliberately abandoned through five years or more of non-use. To read more about water right forfeiture, including how to protect a water right from forfeiture, please see Idaho Code §§ 42-222 and 42-223.

Please note, water right owners are required to report any change of water right ownership and any change of mailing address to the Department within 120 days of the change. Reporting forms are available from any office of the Department, or from the Department's website.

Thank you for your cooperation and patience during this unusual time. If you have any questions regarding this matter, please contact our office at (208) 334-2190.

Sincerely,

Hello IDWR Western Region,

Please accept my Notice of Change in Water Right Ownership for property owned in Gem County, out side of the town of Ola, Idaho.

As required, I have enclosed with the Notice of Change in Water Right Ownership:

- 1) a copy of the Warranty Deed,
- 2) a copy of the Survey of Property Boundary of which the property legal description is incorporated in the Warranty Deed,
- 3) and \$50 change fee for two Water Rights, Claims # 65-23333 and 65-23331.
- 4) IDWR Proof Report for Claims # 65-23333 and 65-23331.
- 5) And an overlay map from the IDWR Water Right Locator with the property boundaries in orange.

On the IDWR web site, there is "Instructions for Filing an Application for Permit" — under Signature there is a paragraph regarding a Power of Attorney for signing.

If someone other than the applicant or a company officer signs the application, evidence must be included with the application that the person signing has authority to sign and holds a current "Power of Attorney" authorizing the action. (Power of Attorney forms are available from the Department upon request.)

I would like to obtain a Power of Attorney for signing for my son, Paul Lewis Leadabrand, to sign documents related to the Department of Water Resources Application for Permit. Please mail me the POA form, or email it to me at: millyidaho@gmail.com

My son is my legal Power of Attorney. I would appreciate you directing any questions regarding this Notice Of Change in Water Right Ownership to Paul Leadabrand. His email is: kitfox.training@gmail.com.

Thank you for your assistance with this matter.

Sincerely,

Mildred H. Leadabrand, Trustee
