Good afternoon,

I am emailing to request one more clarification on your permit application. Your application is considered complete at this time, but before the Department can advertise your application, you must clarify the following item(s):

- Part 7(a). "Describe type and size of devices used to divert water from the source"
 - o Please describe (briefly) the well and/or any mechanisms you will use to pull water from the ground and deliver water to your home.

You may make your corrections on the scanned copy attached and email the corrected copy back to me at this email address, reply to this email with your part 7(a) description, or correct the scanned page and mail back to the Western Regional Office at the address listed below.

Please do not hesitate to call me with any further questions!

Thank you,

Re: Permit Application Additional Information Request

Dear Applicants:

The Idaho Department of Water Resources (Department) received your permit application on August 3, 2020. The Department cannot process your application until the following items are addressed:

- 1) **Part 5 & 6- "Water will be used for the following purposes" & "Total quantity to be appropriated"**
 - Please specify your desired diversion rate by providing a single rate – not a range. Ensure your rate requested in part 5 is consistent with the total quantity described in part 6.
 - *Note: The Department will not approve an amount greater than 0.04 cfs for a single-home domestic usage.*
- 2) **Part 7(a)- "Describe the type and size of devices used to divert the water from the source"**
 - Please provide a brief description of the pump, domestic tank, etc. you will use to divert groundwater for your domestic uses.
- 3) **Part 11(b)- "Who owns the property as the place of use"**
 - Please indicate who owns the property at the proposed place of use.
- 4) **Part 14- "MAP OF PROPOSED PLACE OF USE"**
 - The Department requires you attached a map depicting your proposed place of use and point of diversion.
 - On the aerial map you provided with your application, please use a pen or marker to draw your intended point of diversion and place of used on that map and attached to your application for permit upon re-submission.

With this letter, I have included your original application for permit and an aerial map of your proposed water use location. Please make the necessary changes to your application, and submit your updated application by mail or in person to me at the address listed below. If you have any questions please do not hesitate to call me at (208)-334-2190.

You may seek additional time to provide the information by making a written request to interrupt processing for up to six months. The application will be returned and refunded without a timely reply within the next thirty (30) days.

Sincerely,

Anna Kaiser
