RE: Permit # 96-09584

Statement of completion

Accompanying is a statement of completion and a check # 22930 [~~5000~~] for the license examination fee.

The spring runs year around with some variation. I tested the flow 4-16-2020 with a 5 gal. bucket, video results, were shown to Shawn Maxey at the cover d'Alene office and I can send you copies if you want. Just tell me the email address to send them to. The results of 1.3 minutes to produce 5 gallons compute to .0085 cfs. This obviously does not satisfy my entire needs - a point I may address in the future if additional storage does not suffice. At present I have a 1400 gallon storage tank and barrel capacity totalling 550 gallons.

I have not created a 2nd domicile at this point - limited to one - at present.

I have planted apple trees over about

Permit # 96-09584

an acre (most of which are doing well) and plan to expand plantings. Am also providing some irrigation to natural plantings - primarily conifer forestation.

I can send you photos of this as well - if you request.

The spring (water source) has been (gravity) piped down my easement to my property - to a low point - where it can be pumped up approximately 25' to my storage tank, orchard and domicile.

All of the activities described in the permit and installed facilities are in compliance with the initial permit conditions of Approval.

PROOF ACKNOWLEDGEMENT LETTER

RE: Permit No. 96-9584

Dear Permit Holders:

The Department acknowledges receipt of the proof of beneficial use form submitted for the above referenced permit. The next step in the process of developing a water right is for the Department to conduct a field examination to determine and confirm the use being made of the water.

Please be advised that Idaho Code § 42-248, requires you or the owner of this water right to maintain current ownership and address records on file with the Department. Forms to file a change of ownership of a water right and/or a change in the address of the water right owner are available from any Department office or at the Department's website at www.idwr.idaho.gov.

If you have any questions concerning the field examination, please contact the Northern Region Office of the Department located in Coeur d'Alene at (208) 762-2800.

Sincerely,

Debbi Judd
