Hi Keith,

Hope you are surviving the snow and cold – March better “go out like a lamb.”

Just a couple of comments on these temp. applications:

- They are NOT to use any IDFG access sites for collecting water.
- Several of the water sources mentioned are bull trout waters – their screening MUST BE in proper repair so as to not “take” any bull trout fry.

Let me know if you have any questions.

Thanks, Mary

Re: Application For a Temporary Approval of a Water Appropriation

Dear MARY:

The Department of Water Resources is seeking comment and/or recommendation from your agency, regarding two applications to temporarily appropriate 10.0 acre-feet of water from various sources within the Bonner County Highway District, for road construction water. Copies of the applications are attached for your reference. Essentially this is a renewal of the permits that were granted last year.

Would you please submit your comments no later than March 9, 2009? If we do not hear from you by that date, we will assume that no comment from you, means you have no objection to, concerns about, or conditions pertaining to the issuance of this permit.

You may send comments by regular mail to the address above, by FAX to 762-2819 or by e-mail to keith.franklin@idwr.idaho.gov.

If you have any questions, don't hesitate to contact me at this office.

Thank you.

Sincerely,

Keith E. Franklin

RE: Renewal of Water Permits

Dear Mr. Haynes:

We are requesting the renewal of our water permits for the Priest River and Pend Oreille River drainages. Use is from May 1, 2009 through October 31, 2009, for dust abatement during regular maintenance and/or road reconstruction projects. Anticipated normal usage will be 15,000 gallons per week per site.

Enclosed please find a check in the amount of \$100.00 for the permits and a list of the locations from where water is pulled.

Thank you for your consideration. If there is any additional information needed please contact our office.

Sincerely,
