ACTION OF THE DIRECTOR, DEPARTMENT OF WATER RESOURCES

This is to certify that the department has examined this application for temporary approval to use water under the provisions of Section 42-202a, Idaho Code, and has determined that:

- ☐ a) The application for temporary approval should be denied.
- ☒ b) The application for temporary approval should be approved, since
1. The temporary approval can be properly administered.
 2. Other water sources are not readily available.
 3. The approval is in the public interest.
 4. The approval will not injure known public values associated with the water source or any known water rights.

This application is therefore hereby:

- ☐ a) DENIED
- ☒ b) APPROVED, subject to the following conditions:
1. Diversion and use of water under this approval is subject to all valid existing water rights.
 2. The applicant assumes all risk the use of the water under this approval may injure other water rights.
 3. This approval authorizes a maximum diversion of 0.3 AF and a maximum rate of diversion of 0.27 cfs.
 4. This approval does not grant a right-of-way across the land of another, does not create a continuing right to use the water and may not be used in connection with a use which requires a continuing water supply.
 5. The department may cancel this approval at any time if the department identifies injury to other water rights.
 6. This approval expires on 12/31/09.
 7. This approval does not create a continuing right to use water.
 8. The holder of this temporary permit shall not divert at a rate or in a manner that will significantly reduce the flow in the water source or otherwise adversely affect fish, wildlife or other public values.
 9. Other: Water intakes should be screened to prevent entrainment or impingement of fish or other aquatic life. The maximum screen mesh size should be 0.25 inches; approach velocities should not exceed 0.5 ft/second.

DATED this 11 day of February, 2009.

Re: Application For a Temporary Approval of a Water Appropriation

Dear Mr. Hennekey:

The Department of Water Resources is seeking comment and/or recommendation from your agency, regarding two applications to temporarily appropriate 5.3 acre-feet of water from the Clearwater River by the Nez Perce County Road & Bridge Department for dust control and road construction purposes. A copy of the applications are attached for your reference.

This is a renewal of the applications that were issued in 2008 for the same purpose. Since this is located in the sensitive basin area, the applicant did receive favorable comments from both Fish & Game and DEQ in 2008; a copy of F&G's comments are attached.

Would you please submit your comments no later than February 10, 2009? If we do not hear from you by that date, we will assume that no comment from you, means you have no objection to, concerns about, or conditions pertaining to the issuance of this permit.

You may send comments by regular mail to the address above, by FAX to 208-762-2819 or by e-mail to keith.franklin@idwr.idaho.gov.

If you have any questions, don't hesitate to contact me at this office.

Thank you.

Sincerely,

Keith E. Franklin
Water Resources Agent

<<IDWR WR NPCounty temp Potlatch 07, clearwater.rtf>>

Keith –

I received a phone message from Nez Perce County Highway Dept. asking for our input regarding temporary water right applications for the Clearwater River at Lenore and Spalding. According to the phone message, the county sent an application to DEQ (I have DEQ's response letter), but failed to send one to F&G. According to the phone message, the requested appropriations at each site were the same as for last year. Based on that information, I can see no reason to modify our response from last year (attached). That is, we have no objection to the proposed withdrawals from the Clearwater at Spalding and Lenore. The message I received did not mention whether the county had also applied for a withdrawal from the Potlatch River as in past years, but our position on that proposal would remain the same as well: we recommend against withdrawals from the Potlatch.

Please give me a call if you have any questions or need a more formal response.

Thanks.

ray
