G. NARRATIVE/REMARKS/COMMENTS: ArcMap and Kootenai County confirmed dwelling on site and list Puglisi as current owners. Permit is for two homes with ½ acre of irrigation. The Puglisi's filed an extension request because they haven't built the second home. Request was denied because they have already had their additional 5 years. This license will be for one home. The diversion rate is being dropped to 0.04 cfs. Assume fish screen has been installed with submission of proof. No measurement device is required. This right is a part of an inactive water district No. 95A. Will carry over WD condition R05 to license.

The Department of Water Resources is in the process of reviewing water right permit 95-10920 for licensing. During the review, it was determined that additional information is needed before the Department can continue.

It appears your property is included in the Rainbows End Water Users Association service area. Are you currently receiving water from them?

Please respond within 30 days. If the Department does not hear from you within 30 days, steps may be taken to void this permit. Please let me know if you have any questions. Thank you.
