Subject: Transfers 83505 & Transfers 83597 (3 String Cattle) Conference Availability

Gentlemen,

As you recall, in December of 2019 IDWR held a pre-hearing conference relating to Transfer # 83505 and Transfer # 83597, both filed in the name of 3 String Cattle of Idaho LLC. During the conference several items relating to the applications were discussed and the parties indicated that they would continue discussions. Several times this spring, the applicant &/or their representative have contacted IDWR inquiring about the possibility of scheduling a hearing relating to the matter. Due to the ongoing COVID situation, I did not make an effort to pursue scheduling a hearing. At this time, it appears that an effort to schedule a hearing can be made.

I would like to have a brief telephone status conference to check in with the parties and if desired, set a hearing schedule.

Are there days and times where you are available next week, June 15th – 19th for a phone call?

Corey
