Andy,

Thank you for letting us know. Eldon has told me about some of his wife's health issues over the last couple of years. I am sorry to hear that they have taken a turn for the worse. Eldon will be focusing all of his attention on his family in the coming weeks. We are already through most of the 2020 irrigation season. A 30-60 day delay in the contested case proceedings will not cause prejudice or injury to any of the parties. We would still have plenty of time to reach a final decision on the applications prior to the 2021 irrigation season. Please let this email confirm that **the joint conference scheduled for tomorrow, August 19, 2020 at 10:00 am is cancelled**. Christina will contact the parties in a couple of weeks to identify available dates for a rescheduled telephone conference in the beginning part of October.

Good Morning,

Sorry to hear about Eldon's wife and wish them the best. On behalf of the Beckstead family, I have no issues or problems with the requested delay and, in fact, would encourage it given the circumstances. Thanks

Good morning everyone.

I apologize, but have the need to request that tomorrow's pre-hearing conference (10 AM) in the above-referenced matters be vacated and reset. We are looking for a new setting roughly 30 days out.

Unfortunately, Eldon's wife is on the verge of passing away. She is currently in hospice care at the Golightly home (beginning a few days ago). Her physicians anticipate her passing to occur any time now (she was estimated to survive 24-36 hours beginning 2 days ago).

While Eldon and I have been discussing these transfer applications since the last pre-hearing conference, we have not reached any final decisions and I am not inclined to seek substantive decisions/directions from him at this time given his current family situation.

I appreciate in advance everyone's understanding and patience.

Regards,

Andy
