RE: Water Right Change in Ownership No(s): 98-4274

Dear Interested Parties:

The Department of Water Resources (Department) acknowledges receipt of your Notice of Change in Water Right Ownership (Notice).

Per the voicemail from August 17, 2020, our review of the water right and the legal description in the warranty deed would result in a split of the existing right, granting you only a portion of the stockwater and would exclude the domestic portion altogether.

Effective July 1, 2000, the legislature enacted House Bill No. 545 requiring a filing fee for a change in water right ownership. The fee is \$25 per water right, except for ownership changes resulting in the division of a water right, which is \$100 per water right. All ownership change notices received after June 30, 2000 must include the appropriate filing fees in order to be processed. We have determined that the filing fee for your notice will be \$100 (\$25 paid; \$75 remaining). Alternatively, you could file an Application for Permit for a new water right for the same fee.

Because the Department cannot process the Notice without proper documentation or fees, we will hold any action on your notice pending receipt of the necessary information/fees. If we do not receive such within 30 days we will return your notice and all attachments and your notice will not be processed.

Also, please note that permit holders are required to report any change of ownership and/or mailing address to the Department within 120 days of the change. Failure to report these changes could result in a \$100 late filing fee. Forms to assign ownership or update your address are available from any office of the Department or on the Department's website.

If you have any questions regarding this matter, please contact me at (208) 762-2813.

Sincerely,

Natalie Steading
