Re: Water Right Application No. 67-15362 – Additional Information Request

Dear Applicants and Representative,

The Idaho Department of Water Resources (Department) received your application for permit no. 67-15362 on July 7, 2020. Your application is complete by Department standards. However, I need some clarification on the following items before I can continue processing:

- *Item 5. – “Water will be used for the following purposes” / Item 8(d). – “Description of Proposed Water Uses-Domestic”*
 - Under item 8(d) on pg. 2, you indicate water will be used for “1” household. The Department considers household water a domestic purpose distinct from irrigation. You did not include a domestic purpose under item 5.
 - If you do intend to use water within a household please include a domestic purpose with an appropriate amount (in cfs) under item 5. If you only intend to use your water for outside irrigation, please cross/white out the “1” under item 8(d).
- *Item 10. – “Describe any other water rights used for the same purposes...”*
 - Wilder Irrigation District supplies irrigation water to your proposed area of use.
 - Please specify the (or lack thereof) of Wilder Irrigation District irrigation water on the property.

With this email, I enclosed a scanned copy of page 1 & 2 of your application. Please make the above-requested corrections/clarifications and return a scanned copy to me at the email address below OR return a hard copy to me in person or via mail at the physical address below.

Please do not hesitate to call or email me with any questions you may have.

Sincerely,
