ACTION OF THE DIRECTOR, DEPARTMENT OF WATER RESOURCES
This is to certify that I have examined Application for Permit to appropriate the public waters of the State of APPROVED, and said application is hereby
1. Approval of said application is subject to the following limitations and conditions:
a. SUBJECT TO ALL PRIOR WATER RIGHTS.
b. Proof of construction of works and application of water to beneficial use shall be submitted on or before
October 1 90
 c. The rate of diversion, if water is to be used for irrigation under this permit, when combined with all other water rights for the same land shall not exceed 0.02 cubic feet per second for each acre of land. d. The water right acquired under this permit if for hydropower purposes shall be junior and subordinate to all rights to the use of water, other than hydropower, within the State of Idaho that are initiated later in time than the priority of this permit and shall not give rise to any right or claim against any future rights to the use of water, other than hydropower, within the State of Idaho initiated later in time than the priority of this permit.
e. Other: Permit holder shall commence the excavation or construction of diverting works within one year of the date this permit is issued and shall proceed diligently until the project is complete. Irrigation use under this permit is authorized only in connection with a domestic use.
Witness my hand this 27th day of <u>September</u> , 1988.
Director
