RE: Approval of Temporary Water Appropriation TP-73-09

Dear Right Holder:

Your application for temporary use of water TP-73-09 has been approved.

Please pay close attention to the approval conditions noted on page 2 of the application. A copy of the approval will also be sent to the watermaster of Water District #73, Pahsimeroi River, who is charged with regulation of your diversion from the Pahsimeroi River.

If you require additional information regarding this matter, please call me directly at (208) 287-4951 or at pam.skaggs@idwr.idaho.gov. I will be happy to assist you.

Sincerely,

MEMORANDUM

To: IDFG Temporary Appropriation TP-73-2016
From: Pam Skaggs 
Re: Watermaster Comments

Temporary Appropriation TP-73-09 is for diversion of 0.02 cfs for irrigation of less than an acre during the 2016 irrigation season. The irrigation is to support newly vegetated ground providing a riparian habitat as part of the IDFG Furey Lane Bridge restoration project.

The source of water is Pahsimeroi River located within Water District #170 and actively administered by subdistrict #73. I contacted both watermaster's by telephone to see if there were any concerns about this temporary diversion.

Ted Oneal of Water District #73 replied to my query that he had no concerns about this temporary project. Cindy Yenter of Water District #170 also had no concerns about this small diversion, but is happy to have the temporary permit in place to document the use of the pump at that location.

The approval will include a condition that the diversion will be regulated by the watermaster of Water District #73. The diversion will be curtailed if flows become limited to provide water for senior water right holders.

Re: Temporary Approval of Water Appropriation for Furey Lane Riparian Restoration Project

To whom it may concern:

The Idaho Department of Fish and Game is submitting an application for Temporary Approval of Water Appropriation for a riparian restoration project that was completed last fall at Furey Lane on the Pahsimeroi River, Lemhi/Custer County. Last September, two culverts were replaced with a prefabricated steel bridge and the river was rerouted slightly. After construction, the disturbed area was seeded, hydroseeded, and planted with potted riparian shrubs and stakes. The temporary water right is to help in the establishment of these newly planted shrubs and plants.

We would like to start irrigating the site soon, and if it is possible to route this application quickly, it would be greatly appreciated.

Please initiate the Interagency Billing Process for the applicable fee for this permit application. When processing this application, use PCA 38710 and ABC code C1TX. Please send the billing documents to IDFG Headquarters Office, Attention Accounts Payable, P.O. Box 25, Boise, ID 83707.

Please contact me with any questions.
