Re: Change in Ownership for Water Right No(s): 37-21419 & 37-21421

Dear Water Right Holder(s):

The Department of Water Resources (Department) acknowledges the receipt of correspondence changing ownership of the above referenced water right(s) to you. The Department has modified its records and has enclosed a computer-generated report for you.

Updating the ownership record for a water right does not reconfirm the validity of the right. When processing a Notice of Change in Water Right Ownership, the Department does not review the history of water use to determine if the right has been forfeited or deliberately abandoned through five years or more of non-use. To read more about water right forfeiture, including how to protect a water right from forfeiture, please see Idaho Code §§ 42-222 and 42-223.

Please note, water right owners are required to report any change of water right ownership and any change of mailing address to the Department within 120 days of the change. Reporting forms are available from any office of the Department, or from the Department's website.

If you have any questions concerning the enclosed information, please contact me at (208) 293-9908.

Sincerely.

See email below-sounds like we need to get written authorization from Deborah for us to be the attorneys of record on the change of ownership. Do you want me to reach out to her or do you want to?

Subject: Deborah Barr water rights

Good afternoon Heather,

I am processing the Notice of Change in Water Right Ownership that you recently submitted for Deborah Barr. Before finalizing this Notice, I wanted to verify the attorney of record on these water rights.

Per our records, James Speck is currently listed as Ms. Barr's attorney of record (see attached). Mr. Speck can be removed as attorney of record, and you can be added; upon written authorization from you.

Please let me know if this is what you would like us to do.

Thank you & have a good evening,

Denise Maline, IDWR Twin Falls
