Dear [Sir/Madam](#):

The Department of Water Resources acknowledges receipt of your Notice of Change in Water Right Ownership.

Our review of your notice indicates that additional information is required before we can process the change. The information required is indicated below:

**** **Evidence of Water Right Ownership:** After reviewing the legal description attached to the Warranty Deed attached to the ownership change and the legal description attached to the Mortgage with the security interest, it appears additional evidence of ownership is required. Please supply the deeds showing all the property deed to Tyrell and Jaime Thomas. Also it appears water right 15-7312 will also require a split so unless the Tyrell and Jaime purchased the entire place of use an additional filing fee of \$75.00 will also be required. Please review the map attached to determine whether a split for that water right will be required.

Because the Department cannot process the ownership change without proper documentation, we will hold any action on your notice pending receipt of the necessary information. If we do not receive the necessary information within 30 days we will return your notice and all attachments and your notice will not be processed.

Please note that Section 42-248, Idaho Code, requires you or the owner of this water right to maintain current ownership and address records on file with the department. Forms to file a change of ownership of a water right and/or a change in the address of the water right owner are available from any department office, or at the department's website at: www.idwr.idaho.gov.

Please feel free to contact the Department if you have any questions.

Sincerely,

Jonie Barg
