Received incoming voicemail telephone call from Mr. Wilson in response to voicemail message I had left for her or Mike Hayden. She indicated her middle initial is 'H' and Mike's is 'J'. She indicated IDWR has her approval to add their middle initials to the Application & change Irrigation Season of Use to standard of 4-1 to 10-31.

Subject: Permission to add middle Initials and correct season of Irrigation use on Application For Permit (96-9814)

Mr. Hayden & Ms. Wilson:

I'm working on your Water Right Application for Permit that has been assigned Identification Number 96-9814.

Please reply to this e-mail to let me know if it is O.K. to add your middle initials, or middle names, to the Application and change the Irrigation period of use to the standard for your area. Middle Initials are helpful when IDWR is conducting name searches in our database. The standard irrigation period of use varies depending on several factors. The standard season for your area is 04-01 to 10-31 instead of the 04-01 to 11-01 currently shown on your Application.

This will expedite processing and publication of legal notices for your Application.

Thanks,

Shaun Maxey
