ACTION OF THE DIRECTOR, DEPARTMENT OF WATER RESOURCES

This is to certify that the department has examined this application for temporary approval to use water under the provisions of Section 42-202A, Idaho Code, and has determined that:

- A. The application for temporary approval should be denied.
- / B. The application for temporary approval should be approved, since
1. The temporary approval can be properly administered.
 2. Other water sources are not readily available.
 3. The approval is in the public interest.
 4. The approval will not injure known public values associated with the water source or any known water rights.

This application is therefore hereby:

- / A. DENIED
- / B. APPROVED, subject to the following conditions:
1. Diversion and use of water under this approval is subject to all valid existing water rights.
 2. The applicant assumes all risk the use of the water under this approval may injure other water rights.
 3. This approval authorizes a maximum diversion of 0.25 AF and a maximum rate of diversion of 0.06 cfs.
 4. This approval does not grant a right-of-way across the land of another, does not create a continuing right to use the water and may not be used in connection with a use which requires a continuing water supply.
 5. The department may cancel this approval at any time if the department identifies injury to other water rights.
 6. This approval does not create a continuing right to use water.
 7. The holder of this temporary permit shall not divert at a rate or in a manner that will significantly reduce the flow in the water source or otherwise adversely affect fish, wildlife or other public vaules.
 8. Other: Water intakes should be screened to prevent entrainment or impingement of fish or other aquatic life. The maximum screen mesh size should be 0.25 inches; approach velocities should not exceed 0.5 ft/second.
 9. This approval expires on 12/31/13.

Signed this 14/ day of January, 2013.

Re: Application For a Temporary Approval of a Water Appropriation

Dear MARY:

The Department of Water Resources is seeking comment and/or recommendation from your agency, regarding an application to temporarily appropriate 0.25 acre-feet of water from the Plummer Creek, which is tributary to Coeur d'Alene Lake, for exploratory drilling, by the Idaho State Department of Transportation. A copy of the application is attached for your reference.

Would you please submit your comments no later than January 9, 2013? If we do not hear from you by that date, we will assume that no comment from you means you have no objection to, concerns about, or conditions pertaining to the issuance of this permit.

You may send comments by regular mail to the above address, by FAX to 208-762-2819 or by e-mail to keith.franklin@idwr.idaho.gov.

If you have any questions, don't hesitate to contact me at this office.

Thank you.

Sincerely,

Keith E Franklin

Jenny – see following copy of e-mail regarding interagency billing ~ it was requested 12/28/12
Sascha is to notify me when funds are received. She has sufficient information for billing with you as
the contact person. I believe the request to you will come from Sascha Marston in our State Office in
Boise. Her e-mail is Sascha.marston@idwr.idaho.gov and her direct phone line is 208-287-4819.
If you have further questions, please let me know.

Be kind to all you meet, each of us carries a burden that others cannot see.

Hi Dianne,

Attached is the temp water appropriation permit – we owe you \$50.00 – if you want to send me an interagency bill for that amount I will be happy to pay it or if you would rather I just send you a check for \$50.00 I can do that as well.

Please advise

Thanks much

Jenny ☺

Happy New Year!

RE: Basin 95 Temporary Appropriation Application

Dear Mr. Franklin;

Enclosed is the completed Form 202a, *Application for Temporary Approval of Water Appropriation*. The request is for the taking of water from Plummer Creek approximately 0.5 miles east of US-95 along SH-5 where the highway crosses over Plummer Creek and the UPRR and St. Maries River RR. The purpose of the application is to provide drilling water during the foundation investigation of a proposed replacement bridge at this location.

Please provide interagency billing information to:
