PROOF ACKNOWLEDGEMENT LETTER

RE: Permit No. 75-14896

Dear Permit Holder:

The Department acknowledges receipt of the Proof of Beneficial Use ("proof") form and license examination fee submitted for the above referenced permit.

A condition of this permit may not have been complied with according to the information you have provided on your proof form.

Condition no. 11 of this permit states:

"Prior to the diversion and use of water under this approval, the right holder shall comply with all fish screening and/or fish passage requirements of the Idaho Department of Fish and Game."

You must comply with conditions of the permit without delay and prior to the field examination. I have enclosed a copy of this permit for your information. If you feel the condition is unnecessary you may submit a written request to the department asking the requirement be waived.

The next step in the process of developing a water right is for the department to conduct a field examination to determine and confirm the use being made of the water.

Please be advised that Idaho Code § 42-248, requires you or the owner of this water right to maintain current ownership and address records on file with the Department. Forms to file a change of ownership of a water right and/or a change in the address of the water right owner are available from any Department office or at the Department's website at www.idwr.idaho.gov.

If you have any questions concerning the field examination, please contact the Eastern Region Office of the Department located in Idaho Falls at (208) 525-7161.

Sincerely,

Debbi Judd
Technical Records Specialist
