Department of Water Resources

IN THE MATTER OF PERMIT NO. 72-07385 IN THE NAME OF REX ALFRED THOMPSON

. Y ~ ~ *

Southern Region Office PRELIMINARY ORDER VOIDING PERMIT

This matter having come before the Department of Water Resources (Department) as a result of an examination by Department staff to determine the extent of beneficial use of water, the Department makes the following Findings of Fact, Conclusions of Law, and Order:

FINDINGS OF FACT

1. On June 18, 1985, Rex Alfred Thompson applied to the Department of Water Resources for a permit to appropriate 0.50 cubic feet per second of water from Rough Creek, tributary of Salmon River, within the SW%NE%, Section 34, Township 11N, Range 14E, B.M., Custer County, to be used for placer mining purposes.

2. On September 9, 1985, the Department approved the Application for Permit.

3. On August 6, 1986, the Department received Proof of Beneficial Use for the permit.

Page 1

07385

4. On August 14, 1991, a Department staff member conducted a field examination and the examiner's report indicated that water had not been diverted and put to a beneficial use as authorized on the permit.

5. The provisions of Section 42-219, <u>Idaho Code</u>, authorize the Director of the Department to void permits for which the applicant has not fully complied with the law and the conditions of the permit.

CONCLUSIONS OF LAW

1. Section 42-219, <u>Idaho Code</u>, states:

.2

In the event that the Department shall find that the applicant has not fully complied with the law and the conditions of the permit, it may issue a license for that portion of use which is in accordance with the permit, or may refuse issuance of a license and void the permit.

2. Permit No. 72-07385 required that the permit holder complete construction of works and application of water from the source identified to the proposed beneficial use within the authorized permit period.

3. Examination by the Department revealed that the permit holder has not complied with the conditions of the permit by not completing construction of works and application of water from the identified source to the proposed beneficial use as required by the permit and Section 42-219, <u>Idaho Code</u>. 4. The permit should be voided pursuant to Section 42-219, Idaho Code.

<u>ORDER</u>

IT IS HEREBY ORDERED that Permit No. 72-07385 is VOIDED and issuance of a license is REFUSED under Section 42-219, <u>Idaho</u> <u>Code</u>.

Dated this day of <u>I</u> 1994.

L. GLEN SAXTON / Chief, Water Allocation Bureau

RECENCE

MAR - 1 1994

Department of Water Resources Southern Region Office

IN THE MATTER OF PERMIT NO. 72-07409 IN THE NAME OF JAMES ALEXANDER

PRELIMINARY ORDER VOIDING PERMIT

This matter having come before the Department of Water Resources (Department) as a result of an examination by Department staff to determine the extent of beneficial use of water, the Department makes the following Findings of Fact, Conclusions of Law, and Order:

FINDINGS OF FACT

1. On September 18, 1987, William Alexander applied to the Department of Water Resources for a permit to appropriate 0.20 cubic feet per second of water from groundwater and Burnt Creek, tributary of Salmon River, within the SE¼SE¼NW¼ and SE¼SW¼NE¼, Section 29, Township 11N, Range 16E, B.M., Custer County, to be used for irrigation purposes.

2. On February 29, 1988 the Department approved the Application for Permit.

3. On August 22, 1990, the Department received Proof of Beneficial Use for the permit.

Page 1

4. On July 21, 1992, a Department staff member conducted a field examination and the examiner's report indicated that water had not been diverted and put to a beneficial use as authorized on the permit.

5. The provisions of Section 42-219, <u>Idaho Code</u>, authorize the Director of the Department to void permits for which the applicant has not fully complied with the law and the conditions of the permit.

CONCLUSIONS OF LAW

1. Section 42-219, <u>Idaho Code</u>, states:

In the event that the Department shall find that the applicant has not fully complied with the law and the conditions of the permit, it may issue a license for that portion of use which is in accordance with the permit, or may refuse issuance of a license and void the permit.

2. Permit No. 72-07409 required that the permit holder complete construction of works and application of water from the source identified to the proposed beneficial use within the authorized permit period.

3. Examination by the Department revealed that the permit holder has not complied with the conditions of the permit by not completing construction of works and application of water from the identified source to the proposed beneficial use as required by the permit and Section 42-219, <u>Idaho Code</u>. 4. The permit should be voided pursuant to Section 42-219, Idaho Code.

<u>ORDER</u>

IT IS HEREBY ORDERED that Permit No. 72-07409 is VOIDED and issuance of a license is REFUSED under Section 42-219, <u>Idaho</u> <u>Code</u>.

Dated this 1994. day of
