Re: Change in Water Right Ownership: 63-9302 (Split into 63-9302 and **63-34932**)

Dear Water Right Holder(s):

The Department of Water Resources (Department) acknowledges the receipt of correspondence changing ownership of a portion of the above referenced water right(s) to you. The Department has modified its records based on the information received and has enclosed a computer-generated report for you.

Your portion of each water right(s) has a specified point of diversion, nature of use and place of use. If you plan to change the authorized point of diversion, nature of use, or place of use, including adding a new point of diversion, you must file an Application for Transfer of Water Right. If you do not plan to change any elements of your water right, then no further action is required at this time.

The portion of the water right retained by the original right holder retains the original water right number. The Department is sending the original right holder a copy of this letter and a computer-generated report showing the changes to the original water right.

Updating the ownership record for a water right does not reconfirm the validity of the right. When processing a Notice of Change in Water Right Ownership, the Department does not review the history of water use to determine if the right has been forfeited or deliberately abandoned through five years or more of non-use. To read more about water right forfeiture, including how to protect a water right from forfeiture, please see Idaho Code §§ 42-222 and 42-223.

Please note, water right owners are required to report any change of water right ownership and any change of mailing address to the Department within 120 days of the change. Reporting forms are available from any office of the Department, or from the Department's website.

If you have any questions concerning the enclosed information, please contact me at (208) 287-4942.

Sincerely,

Jean Hersley
Technical Records Specialist 2

RE: Notice of Change in Water Right Ownership: 63-3006

Dear Interested Party(s):

The Department of Water Resources received a request for a Notice of Change in Water Right Ownership from you on February 3, 2020. An email was sent to pegawaltman@gmail.com on February 5, 2020, requesting the following information:

- Water Right 63-3006 was decreed disallowed in the Snake River Basin Adjudication and is not a valid right. I believe water right 63-9302 is appurtenant to your property. I have attached a map that shows your property in white and water right 63-9302 outlined in blue. Please let me know if the Department should split this water right.
- The filing fee for a change in ownership for a split right is \$100 per water right. Your fee for this request is \$100.

As of the date of this letter, the Department has not received any additional information.

Because the Department cannot process the ownership change without proper fees, we will hold any action on your notice pending receipt of the necessary fees. If we do not receive the necessary fees within 14 days we will return your notice and all attachments and your notice will not be processed.

Please contact me at (208) 287-4942 if you have any questions regarding this matter.

Sincerely,

Jean Hersley

Subject: Notice of Change in Water Right Ownership
Attachments: 63-9302.pdf

The Department of Water Resources received your Notice of Change in Water Right Ownership for water right 63-3006. Water right 63-3006 was decreed disallowed in the Snake River Basin Adjudication and is not a valid water right. However, I believe water right 63-9302, current owner William Shipley, is appurtenant to your property (see attached map.) If this is the correct water right number, please let me know.

Effective July 1, 2000, the legislature enacted House Bill No. 545 requiring a filing fee for a change in water right ownership. The fee is \$25 **per** water right, except for ownership changes resulting in the division of a water right, which is \$100 per water right. All ownership change notices received after June 30, 2000 must include the appropriate filing fees in order to be processed. The Department has determined that the filing fee for your notice will be **\$100**.

Because the Department cannot process the ownership change without proper fees and requested information, we will hold any action on your notice pending receipt of the necessary fees and requested information. If we do not receive the necessary fees and information within 30 days the Department will return your request unprocessed. Thank you.
