Gentlemen:

We are in receipt of the withdrawal of the application for water right permit that you submitted on June 10, 1985, under Receipt No. 35387. The application will now be considered null and void and removed from the Department's records.

Since there was never any action taken on the application, you will be receiving a \$105.00 refund from the State Auditor's Office under separate cover.

Please feel free to contact this office or our Southern Regional Office in Twin Falls if you have any questions in regard to this matter.

Sincerely,

)alpan

Attention: Mr. Tim Luke, Sr. Water Resource Agent

Dear Mr. Luke,

I have decided to cancel the application for permit No. 45-7623. The existing license does cover the amount being diverted.

On the second matter, I am in the process of trying to purchase the land and water rights in question. If we can come to an agreement, I will own the land and the water rights. If we do not come to an agreement, I will ask for the additional water under beneficial use which has been established since the sale by my brother initially.

Thank you for your help in these matters.

RE: APPLICATION FOR FERMIT NO. 45-7623

Dear AFFLICANT:

Due to the Swan Falls litigation, Department approval of the enclosed application may have been delayed. The Department is presently reviewing your application and may authorize the proposed development.

The purpose of this letter is to determine: (1) if you are still interested in developing the project, and (2) the extent of development if any, that has already occurred under the application. Enclosed are two forms requesting information which will help the Department expedite the processing of the application.

1. If you have abandoned or have no interest in continuing with your plans for development of the project, please complete the enclosed withdrawal form and return it to the Department. If you request a withdrawal of the application and the application was not previously advertised, the department will refund your original filing fee.

2. If you wish to continue with your proposed development plans, or have completed all or a portion of the proposed development before October 1, 1984, then you must complete and return the enclosed questionnaire. You may use the questionnaire and enclosed application to make any comments &/or amendments concerning the application. Your completion of the questionnaire will expedite processing and help the department determine if the water diverted under the application is public water or trust water. Approved trust water applications may be subject to additional conditions.

Failure to return either of the above forms within thirty (30) days of the date of this letter is cause for the Department to void the application.

Please be further advised that if any undeveloped portion of your proposed project is greater than 200 acres, the Department will issue a notice requesting additional information as required by Water Appropriation Rule 4,5. (in particular, Rules 4,5,3. thru 4,5,3,5, apply to your project if it is more than 200 acres). Page 2

If you have questions concerning the content of this letter or about completing the forms, please contact Tim Luke at the address below or by calling directly at 327-7864. The enclosed forms and all other relative information must be returned within thirty (30) days to:

> Idaho Department of Water Resources Statehouse Mail Boise, Idaho 83720 Attn: Tim Luke

Please note that a copy of your application is enclosed. The application number is also shown on the enclosed questionnaire.

Sincerely,

Fin Johe

TIM LUKE Sr. Water Resource Agent
