Subject: Review and Recommendation

The above applications for permit have been filed for development of ground water in an established critical ground water area. In reviewing the history of why these applications were filed it appears that they were filed shortly after the Swan Falls agreement and the intention was to obtain the benefits of subordination of Idaho Powers' water rights to existing or proposed developments. In many but not all instances, the lands covered by the above filings were subsequently covered by expansion claims in the SRBA process.

This block of applications in critical ground water areas was identified in July of 2000. It appears that these applications cannot and will not ever be processed due to the critical ground water designation. In early August a letter was sent providing the applicants opportunity to withdraw their application and get a refund of the fees that have been paid. A few applications were withdrawn but the remaining applications listed above have not been withdrawn.

## RECOMMENDATION

**I recommend that the above listed applications be denied. Denial should be in the form of a preliminary order. The reason for denial is that they all propose ground water development in a critical ground water area which is not allowed.**

RE: Application for Permit in Critical Ground Water Area

Dear Applicant:

Our office has initiated a review of applications for permits to appropriate the public waters of the State of Idaho that have been held without action for many years. One type of application being held is those which propose development of ground water within an established critical ground water area. Our records indicate you have filed such an application. (Please find attached a computer printout describing your application)

Our office intends to dispose of all applications seeking ground water development in critical areas by denying the applications. Before initiating this action our office intends to provide you opportunity to withdraw your application and request a refund of the filing fees that have been paid.

Please review this matter and if you wish to withdraw your application please complete the enclosed form. If our office does not receive a withdrawal by September 1<sup>st</sup>, 2000 your application will be forwarded to the IDWR State Office with a recommendation it be denied. Any denial will be in the form of a preliminary order which you may request reconsideration or judicial review pursuant to procedural rules.

If you have questions, please feel free to contact this office.

Sincerely,

Allen Merritt, PE
