(8) Remarks The well noted at this point of diversion was drilled by Mr. Dean E. Rogers early in 1959. The well was pump tested during the early spring months of 1960 and produced significantly more than the 1.6 cfs claimed. However, during subsequent licensing of permit #43-2322, the well was producing 1.6 cfs which is the production basis for this claim. PD-X T 13 R27E Scale: 2 inches equal 1 mile.
