Re: Permit No. 37-7841

Dear Mr. Ross:

NOTICE OF PENDING ORDER CANCELLING PERMIT

On August 21, 1980, the Department of Water Resources (Department) issued Permit No. 37-7841 which authorized the diversion of 2.0 of water from a groundwater source for the irrigation of 284 acres.

The Department mailed a letter and questionnaire to you on April 6, 1989 in connection with the permit. The letter provided notice that the Department was reviewing the permit in connection with development which was not complete prior to July 1, 1985.

This letter also requested that you return the Department's questionnaire concerning any prior development under the permit and/or your plans for pursuing completion of the proposed project. The correspondence further requested that you submit with the questionnaire either a re-advertisement fee in the amount of twenty dollars (\$20) and/or evidence showing that development under the permit was complete prior to July 1, 1985. Finally, the letter notified you that failure to submit the required fee or information within thirty (30) days of the date of the letter was cause for the Department to cancel the permit.

The purpose of this letter is to provide a second and final opportunity for you to submit the requested information. If you fail to respond to this inquiry within fifteen (15) days of the date of this letter, the Department will issue an order cancelling the permit pursuant to Water Appropriation Rule 4,2,3,4.

If no development has been completed as authorized by the permit, and you are no longer interested in pursuing the development, please complete and return the enclosed relinquishment form.

Please feel free to contact me if you have any questions concerning this matter.

Sincerely,

TIM LUKE
