Dear Interested Parties:

The Department of Water Resources (Western) acknowledges receipt of your Notice of Change in Water Right Ownership.

Our review of your Notice indicates that additional information is required before the Department can process the change to **water right no. 67-4461**. The information required is indicated below:

- Evidence of Water Right Ownership: copy of Deed, Title Policy, Contract of Sale, or other legal document indicating your ownership of the property and/or water rights in question

During our review of the documentation you submitted we found discrepancies between that documentation and the legal description of the place of use for the water right indicated in your notice, no. 67-4461. I have enclosed a copy of the water right for your reference. It appears that the water right is not conveyed in the Warranty Deed provided with your Notice. If you do own this water right, or the property to which it is appurtenant, please submit documentation showing ownership of that property and/or water right.

Because the Department cannot process the Notice without proper documentation, we will hold any action on your notice pending receipt of the necessary information. If we do not receive the necessary information within 30 days we will return your notice and all attachments and your notice will not be processed.

Regarding the other water rights indicated in your notice, the Department has modified its records to reflect the change in ownership and has enclosed a computer-generated report for you. This includes the following water rights: **67-2363, 67-4463, 67-4464, 67-4466, 67-4327, 67-10272, 67-10273, 67-10274, 67-10608, and 67-14813**

During our review of the documentation you submitted, we also found that the Warranty Deed conveys ownership of **water right permit no. 67-15139**. If you would like to claim ownership of this permit, an Assignment of Permit will be required to complete the ownership change. Enclosed is an assignment form for your use. Please note that there is a \$25 filing fee required.

Also, please note that permit holders are required to report any change of ownership and/or mailing address to the Department within 120 days of the change. Failure to report these changes could result in a \$100 late filing fee. Forms to assign ownership or update your address are available from any office of the Department or on the Department's website.

Updating the ownership record for a water right does not reconfirm the validity of the right. When processing a Notice of Change in Water Right Ownership, the Department does not review the history of water use to determine if the right has been forfeited or deliberately abandoned through five years or more of non-use. To read more about water right forfeiture, including how to protect a water right from forfeiture, please see Idaho Code §§ 42-222 and 42-223.

If you have any questions regarding this matter, please contact me at (208) 334-2190.

Sincerely,

A handwritten signature in black ink, appearing to read "Lynne Evans". The signature is fluid and cursive, with the first name "Lynne" written in a larger, more prominent script than the last name "Evans".
