That he is the holder, or the duly authorized agent of the holder*, of Permit to Appropriate the Public Water of the State of Idaho No. 47-7655.

That under the terms and conditions of said permit, work thereunder was required to be completed on or before

December 1

That he has heretofore performed the following work described under said permit:

(This must be filled out! If no work has been completed put none.)

A small check dam has been built to collect water at the upper end of the gulley. A

ditch has been dug to collect excess wastewater and move it to the check dam.

(work done by permittee; comparable value of contracted work would be Costing \$ 600.00)

Poor water management of adjacent land has created boggy conditions on my land. So

work on the project can only be done in the winter when the ground is frozen. This

excess water has caused other problems such as washing out of the check dam.

Wherefore, he asks that the Department of Water Resources extend the time for the completion of obligations
