RE: Application for Amendment of Permit No. 63-34101 and  
Application for Permit for Obendorf Hop, Inc.

Dear Nick:

The attached Application for Amendment in the name of G O Investments Idaho, LLC seeks to add a point of diversion for Permit No. 63-34101 in the SW¼SE¼ Sec 33 Twp 5N Rge 5W, B.M. The 3 points of diversion currently approved on the permit will be developed and used, the 4<sup>th</sup> point of diversion is expected to be needed to develop the diversion rate approved by the permit. The \$100 processing fee is included in the enclosed check for \$350.

Also enclosed is an application for irrigation and aesthetic water use from Dixie Slough. The proposed point of diversion is downstream from the City of Boise facility to, hopefully, avoid conflict with the City. The \$250 filing fee for the application is also included in the enclosed check for \$350.

Please let me know if you have questions or need any additional information to complete processing of these applications.

Yours truly,

Dave Shaw
