Concerning water right 36-7921-6/4/1980-0.08CFS-2.4 acre-feet
Domestic-130 water district.

To all concerned,

This letter is to clarify use of water right 36-7921.

All water is used for domestic household use only. All irrigation water is derived from the farm irrigation system that pulls water from canal water system.

Water right is used for two residents, names noted below.

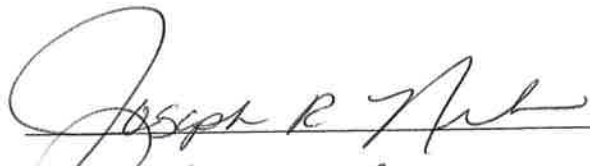

We can and do guarantee the use of this water right is solely for domestic or household use only.

We are asking that this water right be exempt from curtailment as its sole use is domestic, no irrigation use.

This letter is in response to phone conversation with Nathan Erickson, WD130 Watermaster at Idaho Department of Water Resources
