

MEMORANDUM

March 4, 1997

TO: Water District 57R File
FROM: Cindy Hodges *ijf*
RE: *Annual Reynolds Creek Water District Meeting*

Kay Walker and I attended the March 3 Water District meeting. The meeting was poorly attended but otherwise contained no surprises. All former officers, advisory committee members and the Watermaster were re-elected.

Kay and I presented general information on the SRBA, ownership change requirements, new office procedures at Western, and emergency stream channel waivers. I also discussed timely Watermaster appointment and left a set of petition/oath forms with Jerry Hoagland, as Connie Brandau was not in attendance.

Unlike last year, there were no new controversial issues before the District. Jerry Hoagland reported that the court action involving the Reynolds Creek general provisions had been heard in District Court and would likely proceed to the Supreme Court. The water users are continuing to raise money privately for legal fees.
