3. The Director of the Idaho Department of Water Resources has reviewed the application for compliance with the Water Supply Bank rules and has approved the Lease subject to conditions listed below.

NOW, THEREFORE, in consideration of the mutual covenants and contracts herein contained, and other good and valuable consideration, the receipt of which is hereby acknowledged, the parties hereto agree as follows:

1. **WATER RIGHTS:** The Lessor shall lease and the Board shall accept into the Bank the Applicant's water rights described as follows:

5. **CHANGE OF WATER RIGHT:** This lease specifies water right elements including but not limited to: diversion rates; diversion volumes; number of acres authorized to be irrigated; places of use; points of diversion; beneficial uses; and seasons of use. During the term of this lease, if a water right is administratively changed due to a water right split and renumbering, this lease may be reduced by an equal amount to reflect the water right elements as legally defined under the water right. 3. While a right is in the bank, the lessor may not use the right without approval of the Department even if the right is not rented from the bank. It does not preclude the opportunity for review of the validity of this water right in any other Department application process.

**RE: WATER SUPPLY BANK LEASE CONTRACT 1105,1158
FOR WATER RIGHTS 35-14040, 34-14308**

Dear Lessor:

Water rights **35-14040, 34-14308** were leased into the Water Supply Bank (Bank) as of January 1, 2020, in accordance with the enclosed executed lease contract. **Your water rights, as described on the lease contract, are considered leased into the Bank and should remain unused until they are formally released from the Bank.** More information and further restrictions placed on your water rights while leased can be found in conditions of acceptance of the lease contract. Read the conditions of acceptance carefully.

The rights will automatically be released from the Bank on **December 31, 2020**, unless the rights are released earlier by the Water Resource Board (Board). On behalf of the Board, the Department of Water Resources (Department) can evaluate an early release of the lease contract upon your request. To release the water rights from the Bank prior to the release date, submit a written request on the *Request to Release a Water Right from the Bank* form. This form is available on our public website at www.idwr.idaho.gov. **Please note your water rights may not be available for immediate release if they have been rented or are being considered for a future rental. Furthermore, it is at the discretion of the Department whether or not a water right can be released early from a lease contract.**

If you have questions regarding this matter, please contact this office at bank@idwr.idaho.gov or 208-287-4800.

Sincerely,

Amanda Visher

MEMORANDUM FOR APPLICATION # 1501

To: Water Right 35-14040
From: Scott Storms
Date: February 13, 2020
Re: Review & Analysis of Application to Lease Water to the State Water Supply Bank

PURPOSE/NARRATIVE: Application to lease water right 35-14040 to the Water Supply Bank (Bank) was received by the Department of Water Resources (Department) on November 27, 2019. The application proposes to lease the entirety of the water right to the Bank for one year, 2020.

AUTHORITY TO FILE: Right: KBC Farms, LLC is listed as the owner of this right. The application was signed by Klaren Koopin. The Idaho Secretary of State 2019 annual report for KBC Farms, LLC lists Klaren Koopin as a registered manager for the company.

According to Department parcel data, the land at the place of use (POU) for 35-14040 is owned by Bonanza Bar Ranch, LLC, however this right is the result of an ownership change where right 35-13702 was split into 35-14040 and 35-14041. Right 35-14041 was retained by Bonanza Bar Ranch, and 35-14040 was changed to KBC Farms, LLC. No concerns with authority to file.

WATER RIGHT VALIDITY: Right 35-14040 was the result of an ownership change split of 35-13702 in 2009, and 35-13702 was the result of a transfer that split right 35-7448 earlier in 2009. Right was immediately placed into the Bank 2010. Initial validity review of the right for acceptance to the Bank in 2008 showed signs of irrigation at the place of use for parent right 35-7448, and therefore no concerns of validity of the right were apparent. Right 35-14040 has remained in the Bank since 2010, and therefore there are no current concerns over the right's validity.

INJURY TO OTHER WATER RIGHTS: This right has been in the Bank since it was split off of 35-13702 in 2010 and has not drawn any issues from neighboring rights in that time. No concerns of injury to other rights.

ENLARGEMENT OF USE: No concerns of enlargement are apparent. Proper rental review should ensure no enlargement occurs.

LOCAL PUBLIC INTEREST: Review staff has no information to suggest this application is inconsistent with the local public interest.

BENEFICIAL USE/CONSERVATION OF WATER RESOURCES: The lease appears consistent with the conservation of water resources in Idaho.

DEPARTMENT STAFF OR WATERMASTER COMMENTS: The location of the lease POD is subject to water district #120. This review will be sent out to watermaster Blake Jordan and IDWR eastern regional contact James Cefalo for comment. No comment was received within 14 days.

RE: NOTIFICATION OF WATER SUPPLY BANK LEASE EXPIRATION FOR WATER RIGHTS: 35-14040

Dear Lessor:

Idaho Department of Water Resources (Department) records show that all or a portion of the above referenced water right(s) were leased to the Water Supply Bank (Bank) through December 31, 2018. **This letter is notice that the following right(s) will soon be released from the Bank:**

Lease Contract ID	Contracted Water Rights	Contract Start	Contract End
910	35-14040	01/01/2019	12/31/2019

If you would like to renew the lease of these right(s) to the Bank, a new Application to Sell or Lease a Water Right to the Water Supply Bank form is required. If you have not already done so, you can download and complete a new lease application form by visiting the Department's website at www.idwr.idaho.gov.

A water right is not protected from forfeiture unless it is accepted into the Bank or unless an exception or defense to forfeiture applies as described under Idaho Code § 42-223. The five-year period of nonuse related to forfeiture of a water right shall begin to accrue upon release of the right from the bank or shall continue to accrue if a period of nonuse occurred prior to the lease date of the right to the Bank.

If you have any questions regarding this matter, please contact our office at (208) 287-4800.

Sincerely,
