**RE: Contested Application for Transfer 83238 (Calvin and Susie Low)**

Dear Mr. DeShazo:

On April 7, 2020, we spoke on the telephone regarding the protest filed by Castle Creek Ranches LLC against this application for transfer. We discussed that my understanding from the Lows is that they have not been able to contact you to resolve the protest, but that you may no longer have an interest in protesting this application for transfer. You suggested you may still have an interest in pursuing the protest, but you wanted to talk it over with someone else, so I sent you an email requesting you respond and clarify whether you still have an interest in pursuing your protest. It has been three weeks and I have not received a response.

I now ask that you respond to this letter in writing within fourteen (14) days of the date of this letter as to whether you are still interested in pursuing your protest and, if so, please provide your availability for a telephonic conference during the month of June 2020.

Failure to respond timely to this letter will be cause for the Department to issue a Notice of Proposed Default Order pursuant to Rule 700 of the Department's Rules of Procedure (IDAPA 37.01.01.700).

Sincerely,

Nick Miller
