RE: Water Appropriation Permit No. 37-8739

Dear Mr. Shoemaker:

Enclosed you will find a notice of intent to void for permit No. 37-8739. The original notice was sent out as certified mail, requiring a signature of receipt, however that letter was returned due to no one available for signature. Upon reviewing Blain county parcel data for the place of use described on the permit, I see there is another mailing address registered to your name for this parcel. As such, I am making a second attempt to issue this intent to void notice and am sending this letter out to both the address we have on record, and the address associated with your county tax parcel. I am also sending a copy to Zach Latham of Brockway Engineering, to keep him fully aware of where we are in the process. The original notice provided thirty days from the date of the letter to provide response. Due to the returned letter, I am resetting that thirty days to start from the date of this letter (October 22, 2019), before the Department takes action to void the permit. If you have any further questions, please contact me at the phone number or email address below.

Sincerely,

Scott Storms
Water Resource Agent, Senior
Idaho Department of Water Resources
