Hi Debbi – thanks for your note. I no longer own this property so the permits are no longer needed.

Best,

Jim

Subject: Water permits 73-12264 & 73-12265

Good morning,

I am processing your request for extension of time for permits 73-12264 & 73-12265. The request asks for an additional 5 years to submit proof of beneficial use. These permits have not exhausted their initial full 5 year development period as they were permitted with a 2 year development period. If we approve a five year extension based on Idaho Code 42-204(6), there may not be additional extensions available if needed. We can amend this request to 3 years, which would potentially give a another 5 years in a separate request after that 3 years is up. If you would like to amend your request to 3 years, please reply to this email with your response. If you would like to discuss this via phone, please call me at 208-287-4920.

Thank you,
Debbi
