Jim,

Good morning! I appreciate your thanks on these applications, there was a lot to come up to speed on with these water rights!

Per IDAPA 37.01.01.730.02.a, I have 21 days to dispose of a petition for reconsideration. In this case, I did not issue an order in response to your petition so it was denied by operation of law on 3/23/2020. In turn, exceptions to the Director were due by 4/6/2020 (per IDAPA 37.01.01.730.02.b). Since no exceptions were filed, the preliminary orders for Transfer No. 83193 and Permit No. 73-12266 became final on 4/6/2020. The other transfer approvals (Transfer No. 81963 and 81964) sent out on 2/21/2020 became final 14 days after they were issued and not petitioned, on 3/6/2020.

Although the orders for Transfer No. 83193 and Permit No. 73-12266 are already final, I will add this email to the files to document your withdrawal of the petition.

Hope you are safe and well.

Regards,
Angie

Angie,

After looking further into these matters we have decided to withdraw the petition for reconsideration. Please consider this e-mail the formal request to do just that. Let me know when the approvals have become final. Thank you for all of your good work on these applications.

Jim

Angie,

I will provide our answers after I have the chance to talk to Roxanne.

Jim

Jim,

I acknowledge receipt of this petition for reconsideration of the approval of Transfer No. 83193 and Permit No. 73-12266.

Transfer No. 83193:

Attached is an email exchange we had regarding the points of re-diversion and injection. I hope it provides helpful background information. Can you please tell me what the legal description should be for the point of re-diversion if it is incorrect?

Permit No. 73-12266:

Can you please provide additional information identifying your concerns with approval condition no. 5 and no. 7? Specifically, can you please tell me what your objections are to these conditions? Do you wish to have them removed or simply modified in some way? Why? Additional information is necessary for me to fully consider the petition and respond.

Regards,

Angie

Subject: Flying Joseph Ranch

Angie,

As you may know Roxanne Brown has been in Vietnam & Cambodia for the last 4 weeks or so and is now trying to get home. However, the coronavirus has caused flight cancellations which are delaying her return. Since I may not have a timely chance to discuss with her certain matters in the preliminary order approving the transfers and permit, please consider this e-mail my client's petition for reconsideration of the following:

* In Transfer 83193 we are working to confirm that the designated point of re-diversion is in the correct location. For now we object to the current point.

* In Permit 73-12266 we object to conditions of approval 5 and 7.

We should be able to resolve these issues within the next 10 days at the very most. Please reply to confirm you have timely received this petition for reconsideration. Thank you.

Jim
