I have received your request for a time extension to install the measuring device on the Mace Mace Ditch. Your request is granted for the 2009 water year.

If the measuring device is not in place next season, you will not be allowed to divert water until it is installed.

Re: Mace - Mace Ditch

Dear Rex,

Pursuant to our telephone conversation earlier this morning, this is a formal request to postpone the installation of the water measuring device on the Mace-Mace ditch prior to irrigation next year. We intend to have the work done by April 1, 2010.

Sincerely

Jerry L. Mace
