Ms. Linda Bennett
Secretary
Osprey Property Owners Association, Inc.
104 Falcon Drive
Boise, ID 83716

Dear Ms. Bennett:

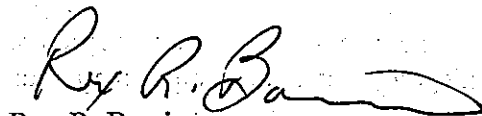

Requirements of state water rights are that all diversions must be measured. More specifically the water rights for Osprey Property Owners Assoc. Inc. located in the Boise River Basin are a portion of the Stewart Decreed water rights and are subject to reductions as natural flows diminish in the basin. Additional requirements are based on storage contracts with the Bureau of Reclamation.

Water District No.63 must administer your water rights as required by state law. In order to accomplish this task it is necessary for the watermaster to meet with your representative to discuss how best to achieve this goal.

Please contact me as soon as possible to arrange a meeting with the Water District.

Thank you for your prompt attention to this matter.

Sincerely,

Rex R. Barrie
Boise River Watermaster
