RECEIVED  
JUL 01 2013  
DEPARTMENT OF  
WATER RESOURCES

Dear Gary,

I am currently farming three adjoining parcels of ground on Pollard Ln. north of Star, and I am encountering an irrigation water dispute concerning ground that I farm, owned by the Meridian School District.

I am filing a petition for the director to appoint a manager for the Emmett Lateral, headgate #120, on the FARMERS UNION CANAL.

I am filing this petition because the STAR ACRES subdivision, namely, Ben Barbot, (10000 Rolling Hills Drive, Star, ID) and John Tompkinson (2393 Sunny Ln. Star, ID) are disputing the fact that the weir box division split is not delivering them their proper amount of irrigation water.

Barbot and Thompkinson will not acknowledge the correct measuring device at this weir box. We had ample water in 2010, 2011, and 2012, but now with water being short this year, the Farmers Union Canal has all users at 70% delivery. Barbot and Thompkinson have removed the last installed headgate and weir and have gone as far as to remove it from the sight. They have installed their own structures that are taking water that should be delivered to the school districts ground.

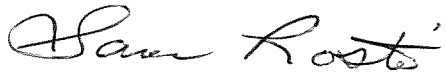

I have given these two individuals the correct Farmers Union shares in the lateral and they refuse to acknowledge them. I have no option but to ask the director to get involved so that we can get this dispute resolved.

There are many more details that need to be brought up, but are way to lengthy to do in this request for your help.

An expert on water delivery, Rex Barry, who is the current Water Master for District 63 was contacted by myself this very afternoon. He came out to the sight in question and set the weir to deliver the 51" X 70% or 36 " of water to the Star Acres. (Barbot and Thompkinson).

These two individuals give me no choice, but to seek your assistance to over see this dispute. Barbot and Thompkinson are using incorrect information to split the water and are not adhering to the proper measurement.

I am asking the director for a speedy resolution in this matter.

A handwritten signature in cursive script that reads "Sam Rosti".
