Re: Change in Water Right Ownership: 37-22474 (Split into 37-22474 (Stosich) and
37-23143 (WLP Properties LLC)

Dear Water Right Holder(s):

The Department of Water Resources (Department) acknowledges the receipt of correspondence changing ownership of a portion of the above referenced water right(s) to you. The Department has modified its records based on the information received and has enclosed a computer-generated report for you.

Your portion of each water right(s) has a specified point of diversion, nature of use and place of use. If you plan to change the authorized point of diversion, nature of use, or place of use, including adding a new point of diversion, you must file an Application for Transfer of Water Right. If you do not plan to change any elements of your water right, then no further action is required at this time.

The portion of the water right retained by the original right holder retains the original water right number. The Department is sending the original right holder a copy of this letter and a computer-generated report showing the changes to the original water right.

Updating the ownership record for a water right does not reconfirm the validity of the right. When processing a Notice of Change in Water Right Ownership, the Department does not review the history of water use to determine if the right has been forfeited or deliberately abandoned through five years or more of non-use. To read more about water right forfeiture, including how to protect a water right from forfeiture, please see Idaho Code §§ 42-222 and 42-223.

Thank you for your patience and cooperation in this process. I apologize for the delay in finalizing this process and getting the notification sent out to you.

If you have any questions concerning the enclosed information, please contact me at (208) 293-9908.

Sincerely,

Denise Maline

MEMORANDUM

Date: January 3, 2019

Subj: Change in ownership explanation

Timeline of conversations with Marlon Peck / WLP Properties:

November 20, 2018 – IDWR sent letter to WLP Properties regarding 2015 Change in Ownership. (3) water right numbers were listed on the O/C form. After review it was determined that we may need additional information as follows:

37-12404 not covered by the deeds submitted (a.k.a. Lot 1 Mountain Air Sub). Tax lots indicate this property is in the name of Ron Anderson Trust.

37-22473 covered by the deeds submitted. Processed this change & mailed out 11/20/2018.

37-22474 needs to be split, or we need additional deeds: All property in S-8 & S-17 is covered On the deeds submitted.

There is 4.5 acres in S-18 that is NOT covered on deeds submitted and needs to be split off. This 4.5 acres (a.k.a. Lot 4 Mountain Air Sub) will remain in the name of Jonathan & Tiffany Stosich, unless additional deeds are provided by WLP Properties.

Approx. November 27, 2018 – Marlon Peck of WLP Properties called with questions regarding the Nov. 20, 2018 letter. He thought someone had recently filed to change the ownership out of his company's name. I explained that this was not the case, and the letter was related to the ownership change he filed in 2015. Due to Trish's recent retirement, it was discovered that the Change in Ownership had not been completed. He understandably voiced frustration, explaining that he had visited Southern Region in 2015 to straighten this out and spent 4+ hours with Trish filing paperwork, etc. He was told that the Change in Ownership would be completed within a week or so from that time.

He further indicated that this ownership change was filed because his father, Leon Peck, had taken back the property that was previously deeded to Stosich. According to Marlon, Stosich stopped making payments on the property some years ago, and after a lengthy battle between the parties, Leon Peck took the property back. Furthermore, in order to settle the disputes, Leon Peck "gave Stosich 4.5 acres of ground without water rights". This is the property that would need to be split off 37-22474 (Lot 4 Mountain Air Sub). However, Marlon would need to locate the deeds &/or conveyance documents that backed this up (....4.5 acres without water...).

December 6, 2018 – Marlon called again to follow up. He would like to avoid splitting this water right, if at all possible. I explained what we would need (legal documentation, etc.) in order to avoid splitting the right. He is unsure if he has the deed that covers Lot 4 (Stosich 4.5 acres), but will contact the attorney that did the paperwork & deeds in 2015 and let me know.

December 19, 2018 – Marlon called indicating he is having trouble finding any deeds or paperwork related to Lot 4 (Stosich 4.5 acres). He is hesitant to send the money to split this water right; but realized that he needs to get this taken care of.

December 26, 2018 – IDWR received \$50.00 (additional fees) to move forward with splitting 37-22474. The right will be split accordingly (with water), per the documentation already provided. At this time, Stosich will retain 4.5 acres in S-18 (with water); until further documentation is provided indicating otherwise.

** Final clarification & details were completed on 9/17/2019. Acknowledgement letters, etc. sent 9/17/2019 also.

Re: Change in Ownership for Water Right No(s): 37-22473
Change in Ownership for Water Right No(s): 37-12404 & 22474 (*not processed*)

Dear Water Right Holder(s):

The Department of Water Resources (Department) acknowledges the receipt of correspondence changing ownership of the above referenced water right(s) to you. The Department has modified its records for water right 37-22473 and has enclosed a computer-generated report for you.

Please note, the department was not able to update ownership on water right numbers 37-12404 and 37-22474 for the following reasons:

- Water Right No. 37-12404 is appurtenant to Lot 1 of Mountain Air Subdivision; however the deeds provided do not cover Lot 1 (see attached computer report).
- The Place of Use for Water Right No. 37-22474 includes 4.5 acres appurtenant to Lot 4 of Mountain Air Subdivision in the SENE of Section 18 (see attached computer report and map). However, the deeds provided do not cover Lot 4. In order to update the ownership of the water right to reflect the portion that you own, the water right will need to be split. The filing fee to split a water right is \$100. The Department can apply the \$25 already paid as well as the \$25 already paid for water right 37-12404, leaving a balance due of \$50. Please submit the additional \$50.00 to this office within 30 days of the date of this letter.

If we do not receive a response from you within 30 days, we will refund the \$25.00 already paid for 37-12404 and the \$25.00 paid for 37-22474, and they will be returned to you as unprocessed.

Updating the ownership record for a water right does not reconfirm the validity of the right. When processing a Notice of Change in Water Right Ownership, the Department does not review the history of water use to determine if the right has been forfeited or deliberately abandoned through five years or more of non-use. To read more about water right forfeiture, including how to protect a water right from forfeiture, please see Idaho Code §§ 42-222 and 42-223.

If you have any questions concerning the enclosed information, please contact me at (208) 736-3033.

Sincerely,

Denise Maline
