RE: Office visit e Lateral Ditch operations

WE discussed at length the 1998 delivery season for this lateral. He has forms & field notes for each visit. He will produce summary showing total costs & costs/user.

Will provide this info to GSA Watermaster, who will include it in the 1998 GSA WM report. Lateral costs will be itemized portion of GSA billing. County should issue 2 checks for 1998 - 1 to WM & 1 to Lt. Mgr.

For 1999 - should organize a meeting for lateral users to select Lt. Mgr. for 1999 & set a budget. May need to raise add'l. money to get maint. etc. work done if users won't do the work themselves.

I will contact WM & Lt. Mgr. in early 1999 to set this up. ("Remind" for 1-15-1999).
