RE: Additional Information Request for Permit 79-14186

Dear Permit Holder(s):

On December 13, 2006 you filed an application for permit to appropriate water from groundwater for irrigation and domestic uses in Section 27, Township 30 North, Range 2 East. The application was approved and water right permit 79-14186 was issued on May 15, 2007. On August 3, 2006 you filed a proof of beneficial use statement claiming that you developed the irrigation and domestic uses under water right permit 79-14186.

I am now trying to verify the water use under 79-14186, and license this water right permit. I have attached a copy of the permit and the map supplied by you for this water use. It appears from the map that these properties might now be owned by other individuals. A copy of this letter will also be sent to Lindsey Cooley, Pat Finney, and Brad Olson who are listed as officials of the Summer Breeze Homeowners Assn.

You can request that IDWR personnel go into the field to collect this information accompanied by a member of your staff/organization/family. For this to occur, please contact me with the name, telephone number, and email of your representative and the representative must be available to be contacted and for scheduling of the required visits within thirty (30) days. IDWR must also receive the contact information of your representative in a timely manner.

If I do not receive the requested information from you within thirty (30) days, I could take action to void your permit under the provision of Section 42-219(8) of the Idaho Code. If you agree that no beneficial use of water occurred under the permit listed, you can shorten the voiding process by completing the enclosed relinquishment form for each permit affected and returning it to IDWR.

Should you have any questions, please contact me at 208-762-2800.

Respectfully,

Adam Frederick
