EXPLANATORY INFORMATION TO ACCOMPANY A PRELIMINARY ORDER

(To be used in connection with actions when a hearing was **not** held)

(Required by Rule of Procedure 730.02)

The accompanying order or approved document is a "**Preliminary Order**" issued by the department pursuant to section 67-5243, Idaho Code. **It can and will become a final order without further action of the Department of Water Resources ("department") unless a party petitions for reconsideration, files an exception and brief, or requests a hearing as further described below:**

PETITION FOR RECONSIDERATION

Any party may file a petition for reconsideration of a preliminary order with the department within fourteen (14) days of the service date of this order. **Note: the petition must be received by the department within this fourteen (14) day period.** The department will act on a petition for reconsideration within twenty-one (21) days of its receipt, or the petition will be considered denied by operation of law. See Section 67-5243(3) Idaho Code.

EXCEPTIONS AND BRIEFS

Within fourteen (14) days after: (a) the service date of a preliminary order, (b) the service date of a denial of a petition for reconsideration from this preliminary order, or (c) the failure within twenty-one (21) days to grant or deny a petition for reconsideration from this preliminary order, any party may in writing support or take exceptions to any part of a preliminary order and may file briefs in support of the party's position on any issue in the proceeding with the Director. Otherwise, this preliminary order will become a final order of the agency.

REQUEST FOR HEARING

Unless a right to a hearing before the Department or the Water Resource Board is otherwise provided by statute, any person aggrieved by any final decision, determination, order or action of the Director of the Department and who has not previously been afforded an opportunity for a hearing on the matter may request a hearing pursuant to section 42-1701A(3), Idaho Code. A written petition contesting the action of the Director and requesting a hearing shall be filed within fifteen (15) days after receipt of the denial or conditional approval.

ORAL ARGUMENT

If the Director grants a petition to review the preliminary order, the Director shall allow all parties an opportunity to file briefs in support of or taking exceptions to the preliminary order and may schedule oral argument in the matter before issuing a final order. If oral arguments are to be heard, the Director will within a reasonable time period notify each party of the place, date and hour for the argument of the case. Unless the Director orders otherwise, all oral arguments will be heard in Boise, Idaho.

CERTIFICATE OF SERVICE

All exceptions, briefs, requests for oral argument and any other matters filed with the Director in connection with the preliminary order shall be served on all other parties to the proceedings in accordance with IDAPA Rules 37.01.01302 and 37.01.01303 (Rules of Procedure 302 and 303).

FINAL ORDER

The Director will issue a final order within fifty-six (56) days of receipt of the written briefs, oral argument or response to briefs, whichever is later, unless waived by the parties or for good cause shown. The Director may remand the matter for further evidentiary hearings if further factual development of the record is necessary before issuing a final order. The department will serve a copy of the final order on all parties of record.

Section 67-5246(5), Idaho Code, provides as follows:

Unless a different date is stated in a final order, the order is effective fourteen (14) days after its service date if a party has not filed a petition for reconsideration. If a party has filed a petition for reconsideration with the agency head, the final order becomes effective when:

- (a) The petition for reconsideration is disposed of; or
- (b) The petition is deemed denied because the agency head did not dispose of the petition within twenty-one (21) days.

APPEAL OF FINAL ORDER TO DISTRICT COURT

Pursuant to sections 67-5270 and 67-5272, Idaho Code, if this preliminary order becomes final, any party aggrieved by the final order or orders previously issued in this case may appeal the final order and all previously issued orders in this case to district court by filing a petition in the district court of the county in which:

- i. A hearing was held,
- ii. The final agency action was taken,
- iii. The party seeking review of the order resides, or
- iv. The real property or personal property that was the subject of the agency action is located.

The appeal must be filed within twenty-eight (28) days of this preliminary order becoming final. See section 67-5273, Idaho Code. The filing of an appeal to district court does not itself stay the effectiveness or enforcement of the order under appeal.

Sufficiency Memorandum

Date: February 11, 2020
To: Transfer 83065 File
From: Benny Walker
Re: Evaluation of Sufficiency of Information Submitted

Application proposes transferring a 32.0 acre portion (1.13 cfs) of 6 ground water irrigation rights and 10 Raft River irrigation rights from a farm located approximately 6.7–8.2 miles south and 1.8–2.8 miles east of Malta to a farm located 9.7–9.9 miles south and 2.4–3.1 miles east of Malta. The application also proposes to shift 6.5 acres (0.1 cfs) for 5 ground water rights currently utilized at the proposed place of use. The ground water rights will be diverted from an existing well located at the proposed place of use. In addition the application proposes to change the point of diversion for the 10 Raft River rights to an existing diversion near the proposed place of use (moving approximately 1.5 miles upstream from the current point of diversion on the Raft River).

The wells involved with the transfer are located outside of the ESPA area so a ground water model analysis is not required. The transfer's proposed changes are within Water District 143, and 43B therefore watermaster comments were sought and consent was given. The purpose of this transfer is to replace 32 curtailed expansion acres for water right 43-10633. In addition the transfer will change the ownership of 5 ground water rights.

The fee for this transfer was based on 1.23 cfs, a percentage of the cfs being transferred or changed, and the fee for the change of ownership of 5 ground water rights.

Application was subject to notice and protest. No protests were received.

- **Authority to File:**
The applicants are listed as the current of the majority of the water rights within the transfer. For the five water rights changing ownership the applicants provided the appropriate deeds to change the ownership.
- **Water Right Validity:**
The water rights involved in this transfer were decreed in 2002. Current aerial photography indicates that the water rights have been used in recent years.
- **Injury to Other Water Rights:**
None anticipated.
- **Enlargement of Use:**
None anticipated.
- **Local Public Interest:**
No negative impacts anticipated. Application was subject to notice and protest. No protest were received. Watermaster comments were solicited and the watermaster did not oppose the approval of this application.
- **Beneficial Use/Conservation of Water Resources:**
Proposed uses are recognized as beneficial uses of water
- **Effect on Economy of the Local Area:**
None anticipated.
- **Effect of the Agricultural Base of the Local Area:**
None anticipated.

Review of the application finds there is no clear inconsistency with criteria set forth in Section 42-222 Idaho Code preventing processing of this application.
