8. Acceptance of a right into the bank does not, in itself, confirm the validity of the right or any elements of the water right, or improve the status of the right including the notion of resumption of use. It does not preclude the opportunity for review of the validity of this water right in any other Department application process.
9. In accordance with Idaho Code § 42-248 and § 42-1409(6), all owners of water rights are required to notify the Department of any changes in mailing address or change in ownership of all or part of a water right. Notice must be provided within 120 days of the change.
10. If a water right leased into the Water Supply Bank is sold or conveyed during the lease term, and if the leased right was rented, the rental proceeds will be disbursed in the following manner regardless of any arrangements between the buyer(s) and seller(s) to the contrary:
 - a. Rental payments will go to the lessor(s) of record at the beginning of the rental season, even if the Department processes a Notice of Change in Water Right Ownership during the rental season.
 - b. New lessor(s) of record will receive payment for any subsequent rental seasons.
11. The water right(s) is leased to the bank subject to all prior water rights and shall be administered in accordance with Idaho law and applicable rules of the Department of Water Resources.
12. Use of water under these rights shall be non-consumptive.
13. Pursuant to Idaho Code § 42-1412(6), this water right is subject to such general provisions necessary for the definition of the rights or for the efficient administration of water rights as determined by the Snake River Basin Adjudication court in the final unified decree entered 08/26/2014.
14. Use of water under these rights may be regulated by a watermaster with responsibility for the distribution of water among appropriators within a water district. At the time of this approval, these water rights are within State Water District No. 37.

*****TIME SENSITIVE RESPONSE REQUIRED*****

Dear Applicant:

The Department of Water Resources has completed its review of your application to lease the above-mentioned water rights to the Water Supply Bank. **I have enclosed two of each original Water Supply Bank Lease Contracts for your review and signature. Please sign and return ALL Lease Contracts within 14 days.** Upon signature and return of the contracts, the Department will also sign the original contracts and return executed copies to you. The Lease Contracts are not considered final until you and the Department have both signed.

The rights will automatically be released from the Bank on **December 31, 2024**, except water right 37-4369, which will be released from the Bank on **December 31, 2023**, unless the rights are released earlier by the Board, or upon your request. To release the rights from the Bank prior to the release date, submit a written request on the Request to Release a Water Right from the Bank form. To propose a new lease period, submit a new Application to Sell or Lease a Water Right to the Water Supply Bank form along with applicable fees to the Department. These forms are available from any IDWR office or from our public website at <http://www.idwr.idaho.gov>. Please note your right may not be available for immediate release if it has been rented.

Please review the conditions of acceptance listed on the Lease Contract, including #3 which says:

"While a right is in the bank, **the lessor may not use the right** without approval of the department even if the right is not rented from the bank. Any violation of the terms of this lease may result in enforcement procedures pursuant to Idaho Code § 42-351 for illegal diversion and use of water and may include civil penalties pursuant to Idaho Code § 42-1701B."

If you have questions regarding this matter, please contact this office at bank@idwr.idaho.gov or 208-287-4800.

Sincerely,

for Water Supply Bank

Jean-

Nothing has changed with regards to the ownership of the land and or the water rights since the last lease was submitted and approved IDWR in 2014, there has been no sale of the property. Sun Valley Land and Minerals Inc. owns all of the water rights and Ms. Donna Kelsey is the president of that business entity as evidenced by the attached 2019 Idaho Secretary of State business filing. Donna Kelsey signed the water bank lease applications and is authorized to do so.

Please proceed with the processing of the five lease applications. Thank you for your time.

Subject: Lease applications for Sun Valley Land and Minerals

I am in the process of reviewing the applications submitted for Sun Valley Land and Minerals Inc. I need something clarified for me.

The land associated with all the water rights being offered to the Bank appear to be owned by the others. Were the water rights withheld in the sale of the land? This question has been asked before but I can't find anything in the file that tells me why the rights are still in the name of Sun Valley Land and Mineral.

Let me know. Thank you.

Re: Water Supply Bank Lease Applications; Sun Valley Land & Minerals Inc.

Dear Remington,

On behalf of Sun Valley Land & Minerals Inc. (SVLM), Brockway Engineering is submitting six Water Supply Bank (WSB) lease applications which propose to lease all of water rights 37-4100, 37-4368B, 37-8205, 37-21614 and 37-22128 and a portion of 37-4369 to the Water Supply Bank for five years starting in 2020 and ending in 2024. The lease application for 37-4369 proposes to lease the portion of the storage component of the right that has been filled in by sedimentation from the Deer Creek drainage as a result of the Beaver Creek fire. The attached narrative explains in detail the method used to determine the amount of storage lost due to sedimentation by the fire. SVLM would like to be able to remove the sediment at a later date, necessitating the submittal of the attached WSB lease application.

Also included is a check from Brockway Engineering for \$1,500 to cover the cost of all six lease applications. Please copy our office on all correspondence regarding these WSB lease applications. Thank you for your assistance and if you have questions or comments, please don't hesitate to call.

Regards,

Zach Latham, M.S., Hydrologist
