Re: Water Right Application Incomplete for Dennis and Jodell Bohl - Returned

Dear Applicant:

This office received your application on January 31, 2020. The application cannot be accepted into the records of the Idaho Department of Water Resources (IDWR) until the following items are addressed:

5 Amounts to be Appropriated

• The rates requested for Domestic and Irrigation purposes is unclear. Clarify/remove 2's in front of amounts?

9- Place of Use Table

O If irrigating 2 acres, the table needs to reflect that. Amend current ¼ designations to reflect full 2 acres intended for irrigation. Additionally, indicate where the domestic place of use will be with a 'D' in the appropriate table box.

10 – Describe any Other Water Rights

o Likely "none," however this needs to be completed.

12 – Describe Your Proposal in Narrative Form

o Describe use, and intended development plan.

• 13 - Time Required for Completion of Works

o Specify the amount of time required to complete your proposal (1-5 yrs).

The original incomplete application is enclosed. Please make the necessary amendments to the original form and re-submit within the next thirty (30) days. If IDWR does not receive your written response within thirty (30) days, a refund will be issued for this filing. This letter is an attempt to ensure that your application is complete in order to establish a priority date. You may receive future correspondence regarding more specific details of your application. IDWR forms and other information are available on the Internet at www.idwr.idaho.gov. Please consult the IDWR website or contact this office at 208-334-2190 and ask for the "office day person" if you have any questions about the necessary information or fee.
