RE: Notice of Change in Water Right Ownership: 65-11341 & 65-2851

Dear Applicant,

The Department of Water Resources (Department) received the enclosed notice of change in water right ownership on September 11, 2019. The Department received your transfer application involving the water rights listed above in the name of Alces Management & Financial Services LLC on February 10, 2020. The enclosed notice is now unnecessary as the Department will change the ownership of the above listed water rights prior to processing your transfer application. Therefore, I am returning the enclosed notice of change in water right ownership to you.

With your transfer application, you included all fees and documentation required to split and change ownership of water rights 65-11341, 65-11342, and 65-2851. The Department will split and change the ownership of the aforementioned water rights prior to processing your transfer application making the enclosed notice of change in water right ownership form, fee, and supporting documentation redundant and unnecessary at this time.

The Department is returning the enclosed application and all attachments. A refund has been requested that will be sent to the payer under separate cover.

Should you have questions, please call me at 208-334-2190.

Sincerely,

A handwritten signature in blue ink, appearing to read 'Anna Kaiser'.
