RE: Assignment of Permit Water Right No(s): 65-22669

Dear Interested Parties:

The Idaho Department of Water Resources (Department) received two Assignments of Permit (Assignments) from you on February 18, 2020, for the above referenced water right permit. The Assignments could not be processed because water right 65-22669 is no longer in the permit stage. Water right 65-22669 was licensed on January 7, 2020.

A Notice of Change in Water Right Ownership is required to update the ownership of a licensed right. The form is enclosed for your convenience and is also available on the Department's website, www.idwr.idaho.gov. Please read the instructions as a conveyance document is needed to update the ownership of a licensed right. A conveyance document must include the legal description of the property or description of the water right if no land is conveyed.

The Department will hold copies of the assignments and the fee for 30 days. If the Department does not receive a Notice of Change in Water Right Ownership within 30 days, a refund will be requested and sent to Northwest Farm Credit Services from the Idaho State Controller's office.

If you have any questions regarding this matter, please contact me at (208) 287-4942.

Sincerely,

Jean Hersley
Technical Records Specialist 2
