DEPT OF WATER RESOURCES
SOUTHERN REGION

Dear: Agent,

Attached is a water transfer application to establish a new point of diversion for an existing commercial and stock water right 45-14422. The location of the water right is Township 11 South Range 22 East in section 22 SE quarter of NW quarter.

The application proposes to add a new point of diversion, by drilling a new well, to the existing water right with a new meter to measure water used at the well. The purpose is to add a secondary well to the system to serve as a back up. The owner would like to install this well as soon as possible.

Any questions or comments can be directed to myself at the numbers below.

Sincerely,

Matthew W Thompson, PE
Owner, AgTec
