Hi Debbi,

**Subject:** Permit 94-9375

Good afternoon,

I am processing the proof of beneficial use for permit 94-9375 and am seeking clarification regarding some answers on the form. I've attached a copy of the completed form for your reference. When asked if a measuring device, lockable device, and fish screen were required/installed, the only yes answer was that a measuring device was installed (which is not a condition of this permit). A condition of this permit concerns a fish screen requirement (see condition #9). Please clarify if this condition has been met.

Thank you for your time,  
Debbi
