Re: Updating the Irrigated Acres Shape for the Leavell irrigation rights

Today I updated the irrigated acres shape for the Alonzo and Charmainne Leavell irrigation rights located in Gooding County, based on the map provided by Brockway Engineering. See letter from Brockway Engineering dated January 23, 2020. The place of use shape was updated for the following rights: 37-23208, 37-23210, and 37-23215.

Jim,

That is correct. Sorry for the mix up.

Should be water rights 37-23208 for 1.0 acres, 37-23210 for 1.5 acres and 37-23215 for 0.8 acres.

Subject: Irrigation POU shape update for Leavell

Greg-

Corey handed to me the letter and map from you requesting the update on the POUs for the three Leavell rights that we transferred late last year. In the letter, you used the water right numbers of the parent rights, and I believe the appropriate water right numbers are shown below:

<u>Split Portion</u>	<u>Parent Right</u>	<u>Transferred</u>
23208 1.0 acre	37-23115	37-
23210 1.5 acres	37-23116	37-
23215 0.8 acre	37-22166	37-

Does that look correct? Thanks,

Jim

Electronic shapefiles of the new places of use can be provided to IDWR upon request.

Please contact me if you have any questions.

Sincerely,
