Good morning, Sean (and Nick).

Like Knife River, Pioneer agrees with the draft permit (attached).

Whatever IDWR can (or is willing to) do to expedite final permit issuance is fine with Pioneer.

Regards,
Andy

Andy,

I reviewed the attached draft permit and correspondence and believe it reflects our agreement. Do you concur?

We intend to contact Nick directly to relay our position, knowing that the process will still take until the end of the month.

If early correspondence is at all helpful, and you agree with the terms; I ask that you please contact Nick as well. We are trying to move this process along and get the well drilled.

Thanks,

Sean Marsh
