## **EXPLANATORY INFORMATION TO ACCOMPANY A PRELIMINARY ORDER**

(To be used in connection with actions when a hearing was **not** held)

(Required by Rule of Procedure 730.02)

The accompanying order or approved document is a "**Preliminary Order**" issued by the department pursuant to section 67-5243, Idaho Code. **It can and will become a final order without further action of the Department of Water Resources ("department") unless a party petitions for reconsideration, files an exception and brief, or requests a hearing as further described below:**

### **PETITION FOR RECONSIDERATION**

Any party may file a petition for reconsideration of a preliminary order with the department within fourteen (14) days of the service date of this order. **Note: the petition must be received by the department within this fourteen (14) day period.** The department will act on a petition for reconsideration within twenty-one (21) days of its receipt, or the petition will be considered denied by operation of law. See Section 67-5243(3) Idaho Code.

### **EXCEPTIONS AND BRIEFS**

Within fourteen (14) days after: (a) the service date of a preliminary order, (b) the service date of a denial of a petition for reconsideration from this preliminary order, or (c) the failure within twenty-one (21) days to grant or deny a petition for reconsideration from this preliminary order, any party may in writing support or take exceptions to any part of a preliminary order and may file briefs in support of the party's position on any issue in the proceeding with the Director. Otherwise, this preliminary order will become a final order of the agency.

### **REQUEST FOR HEARING**

Unless a right to a hearing before the Department or the Water Resource Board is otherwise provided by statute, any person aggrieved by any final decision, determination, order or action of the Director of the Department and who has not previously been afforded an opportunity for a hearing on the matter may request a hearing pursuant to section 42-1701A(3), Idaho Code. A written petition contesting the action of the Director and requesting a hearing shall be filed within fifteen (15) days after receipt of the denial or conditional approval.

### **ORAL ARGUMENT**

If the Director grants a petition to review the preliminary order, the Director shall allow all parties an opportunity to file briefs in support of or taking exceptions to the preliminary order and may schedule oral argument in the matter before issuing a final order. If oral arguments are to be heard, the Director will within a reasonable time period notify each party of the place, date and hour for the argument of the case. Unless the Director orders otherwise, all oral arguments will be heard in Boise, Idaho.

### **CERTIFICATE OF SERVICE**

All exceptions, briefs, requests for oral argument and any other matters filed with the Director in connection with the preliminary order shall be served on all other parties to the proceedings in accordance with IDAPA Rules 37.01.01302 and 37.01.01303 (Rules of Procedure 302 and 303).

### **FINAL ORDER**

The Director will issue a final order within fifty-six (56) days of receipt of the written briefs, oral argument or response to briefs, whichever is later, unless waived by the parties or for good cause shown. The Director may remand the matter for further evidentiary hearings if further factual development of the record is necessary before issuing a final order. The department will serve a copy of the final order on all parties of record.

Section 67-5246(5), Idaho Code, provides as follows:

Unless a different date is stated in a final order, the order is effective fourteen (14) days after its service date if a party has not filed a petition for reconsideration. If a party has filed a petition for reconsideration with the agency head, the final order becomes effective when:

- (a) The petition for reconsideration is disposed of; or
- (b) The petition is deemed denied because the agency head did not dispose of the petition within twenty-one (21) days.

### **APPEAL OF FINAL ORDER TO DISTRICT COURT**

Pursuant to sections 67-5270 and 67-5272, Idaho Code, if this preliminary order becomes final, any party aggrieved by the final order or orders previously issued in this case may appeal the final order and all previously issued orders in this case to district court by filing a petition in the district court of the county in which:

- i. A hearing was held,
- ii. The final agency action was taken,
- iii. The party seeking review of the order resides, or
- iv. The real property or personal property that was the subject of the agency action is located.

The appeal must be filed within twenty-eight (28) days of this preliminary order becoming final. See section 67-5273, Idaho Code. The filing of an appeal to district court does not itself stay the effectiveness or enforcement of the order under appeal.

## MEMORANDUM

TO: Transfer No. 83701  
FROM: Shilynn Novak  
DATE: December 16, 2019  
RE: Evaluation of Application

---

Edwin J Brun filed transfer no. 83701 to add a new point of diversion, update the stockwater place of use, and update the location of the original well for water right no. 67-10443. The new point of diversion is a new groundwater well drilled about .2 miles to the northwest of the old well to supply stockwater use away from the original well. The stockwater place of use better outlines where the actual use is located. The domestic place of use will not change and stay in the NESW QQ. The original point of diversion (a groundwater well) will be updated to better reflect the actual location of the well and will primarily be used for domestic use.

The stockwater and domestic place of use is approximately 5.5 miles northwest of the City of Weiser, Idaho.

Dylan Lawrence of Varin Wardwell Attorneys at Law is the representative for Mr. Brun. Mr. Lawrence can be reached at (208) 345-6021 or [dylanlawrence@varinwardwell.com](mailto:dylanlawrence@varinwardwell.com).

### **Summary of Information Submitted**

#### **Authority to File:**

Edwin J Brun is listed as the current holder of water right no. 67-10443. Mr. Brun also owns the property where both stockwater and domestic places of use are located according to parcel information provided by the Washington County Assessors website and information from GIS.

#### **Water Right Validity:**

Validity is not a concern. Using aerial imagery, animal trails appear to be in the area where the POU is outlined which would suggest the area being used for stock and stockwater. There is also a house in located in NESW that would suggest domestic use within the domestic place of use.

#### **Overlap Analysis:**

67-10444 is overlapped in ArcMap, but the parcel that belongs to the owners of 67-10444 is separate from Mr. Brun's property. The boundary for 67-10444 is only correlated with the NESW QQ and not a specific parcel. Although the boundary for 67-10444 overlaps, the parcel information would suggest that they would be separate and not overlap.

Applicant does not have any additional water rights in the area.

#### **Injury to Other Water Rights:**

No potential injury to other rights are anticipated. The license is for 0.6 cfs total and this rate will remain the same. The only other wells in the area are domestic. The office has not received any complaints of injury to other water rights involving 67-10443 as of this review.

**Enlargement of Use:**

No enlargement is expected. The new groundwater well will conform to the same standards as before.

The applicant applied for 0.10 cfs, but the total listed in the license is 0.06 cfs (0.04 cfs for domestic and 0.06 cfs for stockwater). 0.06 cfs will be the total amount to be transferred.

**Local Public Interest:**

No information has been made available to suggest a conflict with public interest.

**Beneficial Use/Conservation of Water Resources:**

The application proposes beneficial use consistent with conservation of water resources in Idaho.

**The application is consistent with criteria of I. C. § 42-222 and should be processed.**

**Summary**

Assuming other information does not contradict the above analysis, the application can be approved as reflected by the draft approval.
